What is the CONNECT hub?

The CONNECT hub is ENRICH GLOBAL's proprietary collaboration and community platform.

It connects projects, organisations, experts and international stakeholders through dedicated digital communities, for open collaboration across borders.

Fully GDPR compliant, hosted in the European Union, and built on 15+ years of experience of the tech team in collaborative digital environments (leaders and developers of some major European platforms).

Setting up and administering a community is exclusive to ENRICH GLOBAL members; but **anyone invited can join, worldwide.**

ONE PLATFORM · MULTIPLE COMMUNITIES · WORLDWIDE

The CONNECT hub: growing communities

Cumulative figures across all CONNECT hub

Key Figures (September 2026)

3500+ users actively engaged across CONNECT hub communities

35 countries represented across the communities

15 thematic communities fostering collaboration and knowledge exchange

150+ events organised, plus 450+ news items published

For project management: do more, manage less

Save time, manage less

- **One tested place**: no platform to build, proven on INPACE (more than 900 members).
- **Autonomous DIY (do it yourself) setup** : launch your community in minutes, no developers.
- Sustainability : **community keeps living** beyond the project end date.
- **GDPR compliant** : hosted in the EU, no tracking cookies.

Oversight for managers

- **Dashboard & analytics** : member growth, engagement and event statistics for reporting.
- **Full control** : moderation, member validation and content management.
- **Synergy**: connect with other projects.

**The Hub stays technically operatable 5 years after the project ends
(moderated by the leaders of the project, or by others). Free!**

Sustainability of the network / project results!

For members: collaboration made effortless

Connect and get matched

- Searchable member directory: find people by topic, country or organisation
- Send a message and schedule meetings in one click
- **Marketplace**: post and answer offers and requests (mentors and mentees, STSM and hosts, skills offer and demand, etc etc etc)
- **Mentorship network**: mentees submit application , and look for mentors (or matching is organised differently)

Stay informed and work together

- **News & announcements** : delivered to members by email
- **Events** : registration, custom forms and feedback surveys (one click to register at the event if the person is already on the platform)
- **Documents** : shared repository with live editing
- **One place** : search across people, news, events and files

One login for everything. Free for ENRICH GLOBAL members (in the mode “do it yourself” and their communities.
