ENRICH GLOBAL has for mission to **build a future for innovation-related international collaboration** by connecting organisations and existing initiatives and providing support to building or reinforcing sustainable collaborative programmes/projects. This is achieved by:

- Supporting and coordinating collaboration between organisations, initiatives and ‘multipliers’ (clusters, associations, networks...), within and outside of the European Union – those who support **internationalisation of innovation, research, business ... by working, training or serving individual companies, researchers and innovators.**
- Building collaborative programmes, services, network, and tools, or supporting them, and contribute to business development of its members;
- Supporting sustainability efforts of on-going collaborative projects and initiatives of the members.
